Stop The Privatization of Tree Farm License Lands in BC!

To the Honourable the Legislative Assembly of the Province of British Columbia, in Legislature Assembled:

We the undersigned citizens of British Columbia draw the attention of the Legislature to the following:

The January 2007 decision, made by BC Minister of Forests and Range Richard Coleman, to delete 28 000 Ha from three of Western Forest Product's Tree Farm Licenses (TFL) was a betrayal of public interest; it creates a windfall for WFP while retaining no compensation for the public or assurance that public values will be protected.

Minister Coleman's decision is only the most recent evidence of gross government mismanagement of BC's public forest lands under the Tree Farm License System, whereas benefits consistently accrue to timber corporations at the expense of the broader public interest.

Your citizens call upon the Legislature to:

1. **Prohibit all private sales of former TFL lands pending a comprehensive public investigation.**

2. **Prohibit all future deletions of land from TFLs pending a comprehensive public investigation.**
